

Kathy Reid-Naiman has been working and playing with children for a very long time. She started dancing and teaching play party games in the 1970s and has been influenced by many traditions along the way. She spends most of her working hours with preschool children teaching music and movement and has recorded 11 CDs for that age group.
This recording is a bit of a change of pace since it is mostly for older children and it is the first one that she has done with her daughter Hannah as her partner.

Hannah Naiman has been actively involved in the folk music community since birth. She has been leading songs and dances for teenagers and adults since her youth at various music and dance camps such as Pinewoods (MA), Ogontz (NH) and Christmas Country Dance School (KY). Although this foray into play parties and children's music is a relatively new venture, it is one that was inevitable. After many years of singing back up on Kathy Reid-Naiman's recordings, she's happy to share the main mic.

Here We Go Zodeo

Kathy Reid-Naiman and Hannah Naiman

Singing games and play parties for children of all ages

Thank You!

Thank you to all our sources and inspirations for these songs and dances; Bessie Jones and the Georgia Sea Island Singers, Jean Ritchie, Andy Davis, Peter and Mary Alice Amidon, Ruth Crawford Seeger and the many friends and colleagues who have shared their knowledge along the way. Hannah wishes to thank the Toronto Waldorf Academy and the students there who showed her why this music and dance is so valuable and gratifying for all ages.

This recording is dedicated with love to our amazing producer Ken Whiteley – for so many reasons.

Note to teachers: This recording is intended for use as a teaching tool. Our hope is that you will learn the dances and sing them in your classrooms. Alternately, since all of the tracks are dance length you can use the CD in a class as well. The number of times through refers to how many repeats there are on this recording.

1. Jump Jim Joe Traditional USA

All ages, 6 times

Formation: *Partners facing each other around the room holding hands.*
The dance is self-explanatory, and so it is brilliant for groups of reluctant and enthusiastic dancers alike. It's fun to start this dance with just one dancer jumping alone, and then to have the dance slowly snowball until the whole room is dancing.

Jump, jump, jump Jim Joe
Shake your head and nod your head
And tap your toe,
Around, around, around you go [turn partner]*
Then you find another partner and you jump Jim Joe.

**If you are dancing with babes in arms, try facing another babe in arms and dancing without joining hands. When it comes time to "around you go", simply turn in a circle around yourself.*

Hannah and Kathy: *vocals*
Ken: *piano, ukelele, red backed boinger, washtub bass, maracas, woodblock, vocals*
Chris: *vocals*

4. Paw Paw Patch Traditional USA

While madly preparing for class at the Waldorf School one morning, Hannah flipped through the Handy Play Party Book and found this gem. You can also use the name of the top girl and you can repeat it with the boys line leading off to the left. For younger children this can be done sitting in a circle. One child hides in the first verse, then another child goes to find her in the second. All the children pretend to pick up paw paws on the last verse.

5 and older, 4 times through
Formation: *4 - 5 couples facing each other in long lines (contra) 'girls' line on right when facing the top of the room.*

1. The top dancer in the girls line turns to the right and dances to the bottom of the set and back up behind the boys line to her place.

Where oh where is sweet little Nellie
Where oh where is sweet little Nellie
Where oh where is sweet little Nellie
Way down yonder in the Paw paw patch.

2. The same girl leads down again followed by the top boy and all the boys follow.

Come on boys and let's go find her
Come on boys and let's go find her,
Come on boys and let's go find her,
Way down yonder in the Paw paw patch.

3. All join hands with partners and the top couple leads everyone off to the right and down to the bottom and back up to the top. Top couple then goes to the bottom and a new top girl starts the dance.

Picking up the paw paws put them in your pocket
Picking up the paw paws put them in your pocket,
Picking up the paw paws put them in your pocket,

7. Solomon Levi Traditional

5 and older

Formation : *Squares Four couples facing into the middle of a square. Couple #1 has their back to the 'band', the couples are numbered counter clockwise from here . The "head couples" are couples #1 and #3. The "side couples" are couples #2 and #4. Your "partner" is the one you asked to dance. "Your corner" is the person beside you who is not your partner.*

It is essential to identify these rolls before the dance begins. Hannah likes to spend a few moments 'quizzing' the dancers about who they are just to be sure.

This dance is another self-explanatory dance, making it easy to do with novice and young dancers.

Honour to your partners and bow to your corners all
All join hands and circle left, you circle 'round the hall
Now circle to the right, go the other way back and then
When you're home, you swing your own and promenade the hall

The *first couple* separate go round the outside track
Pass your partner goin' by and meet 'em coming back
Now pass your partner once again and bow to your corners all

Now all join hands and circle left, go once around the track
And when you get back home again, go into the center and back

To everybody in your square and also to the band!

8. We've Come to See Miss Jenny Jones Traditional British Isles

5 and older

Formation: *Jenny Jones and her mother sit or stand on one side or the room. All the friends stand on the other side.*

This is a very odd game. Sometimes it can be disturbing so I tell a story before I start the game. I tell the children that Jenny Jones' mother loved her daughter so much that she wanted her to stay home and play with her instead of with her friends. So she makes up excuses for why Jenny can't play. Jenny overhears her friends singing and scolds her mother and chases her. When she catches her she makes her mother to promise not to do it again and they agree to spend some time playing with friends and some time playing with her mother.

1. We've come to see Miss Jenny Jones, *Friends advance toward Jenny and her mother singing.*
   Miss Jenny Jones, Miss Jenny Jones.
   We've come to see Miss Jenny Jones, and how is she today?
   Mother.says "she's sleeping"
   Fare thee well ladies, ladies, ladies, *Friends back-up and wave goodbye.*
   Fare thee well ladies, and gentlemen all
   2. *Mother.says* "She's sick"
   4. *Mother.says* "She's worse"
   5. *Mother.says* "She's dead"

friends sing

1. What shall we dress her in? Dress her in blue?
   Blue is what the policemen wear, and that won't do!
2. What shall we dress her in? Dress her in red?
   Red is what the soldiers wear, and that won't do!
3. What shall we dress her in? Dress her in white?
   White is what the angels wear, and that's just right!

Jenny chases Mom around the room.

11. Alabama Gal Traditional USA

5 and older, 5 times through
Formation: *4 or 5 couples facing each other in a contra line. note: keep singing 3rd verse till all have swung to the bottom***.**

Come through in a hurry,

I'll show you how, how,
Alabama gal

Instrumental *Continue turning each person.*

Ain't I rock candy *Top couple struts to the bottom and stays there.*
Ain't I rock candy
Ain't I rock candy
Alabama gal

Note: There are several versions of this dance. Hannah teaches it slightly differently than the above. In her version "come through in a hurry" is the same with top couple sashaying down and back. "I don't know how how" is a right elbow turn for the first 2 phrases, and a left elbow turn for the last 2. "I'll show you how": top couples turn their backs on each other and walk down the outside of the lines to the bottom while the other dancers in their lines follow. Once the top couples meet at the bottom of the lines, they, and ONLY they, make an arch while the others join with their partners under the arch and walk through to the top of the set to begin the dance again.

12. Way Down Yonder in the Brickyard Traditional USA Georgia Sea Islands

When Kathy saw Doug Quimby, of the Georgia Sea Island Singers, teach this, he emphasized the historic meaning of this dance. He said that the hand claps (done with cupped hands as if forming bricks) were reminders of how slaves were forced to make bricks. The finger wagging was to remind people to remember how hard they had to work.

All ages

Formation: *circle, Teacher picks a child to step into the middle to jump when the verse is finished child stays in the middle and chooses someone at the end of the verse to join him. The last time everyone re-joins the circle.*

Hannah discovered that this dance works well for parents and babies dancing together. When dancing with babes in arms, face the baby out. Dancers do not need to join hands as they circle, but instead are encouraged to smile and wave as the baby who is dancing in the center passes them by. All those smiling faces are contagious!

Chorus: We're floating down the river.	*Join hands and walk slowly to the left.*
We're floating down below,	
We're floating down the river To the Ohio.	
One in the middle and you can't jump Josie,	*Jump!*

19. Bingo Farm Traditional USA
Georgia Sea Islands

When Doug Quimby of the Georgia Sea Island Singers taught this he said that this was actually a song to make you think about how you should celebrate the things that you have. You may have small potatoes but you know when to plant them; you may have moldy cheese, but there's no maggots in it!

Vons of Villians are just nonsense words.

The mountain is so high
It reaches to the sky
And it's one, two, three follow me.

The king taps 3 people and as he taps they leave the ring to follow him.

We'll all sing glory to the mountain
The mountain is so high
It reaches to the sky
And it's one, two, three follow me.

We'll all sing glory to the mountain
The mountain is so high
It reaches to the sky
And it's one, two, three follow me.

21. La Bastringue Traditional Quebec

Here's a great easy circle dance for all ages. There are a ton of variations on this dance, and we encourage you to look into versions that work for your particular group of dancers. Here's one that works for families with "talls" and "smalls".

All ages, 6 times through
Formation: *circle with partners.*

A1 – All go forward and back into the middle of the ring (x2)*

A2 – All circle left (8 counts) then right (8 counts)
B1 – Swing partner
B2 – Promenade (walk) with partner counterclockwise around the circle.

**You can ask the talls to go into the middle first, and then the smalls.*
